

Welcome New Members... What's next?

You are a member.

And along with being a member you are entitled to attend member training classes which are on Thursday nights. They are ongoing and drop in. You don't need to sign up or pay anything. The schedule is on the home page of the website. We also offer some special classes. Watch the newsletter for that.

You also can take the Basic Skills Class again for member price (you don't pay dues again).

And we sometimes offer CGC class along with test and AKC certification which may entitle you to insurance discounts and rent advantages. There is a charge for this class but as a member you get the class for less.

You will get a monthly newsletter

The calendar will keep you up to date. And articles will inform you.

You have a page on the website

To help you with the different classes, we put together a page just for you. You will learn about our monthly match and much more. And while you are on the web, check out our articles.

Cancellations

Sometimes the weather is iffy or just plain dangerous! We don't want anyone hurt so we cancel. To learn about this go to Facebook and like our page. You will get alerts on your phone. Or check the home page of this site. they will be there too.

We hope you find our training something that
you will enjoy with your dog for his/her
lifetime. We recommend it!

Training is not just for a month or two.
